OUTRUN YOUR DEMONS by GLORIA DELUXE

[Intro]

E F G# x 6
E

[Verse 1]

E F G# E
I tried to outrun my demons
E F G# E
But they snuck around the back way and headed me off at the curve
E F G# E
In a fierce ambush
E F G# E
I may as well have balanced a bucket of water on the head of a pin
E F G# G
Because to shed your demons you d have to shed your own skin

[Chorus]

G C D G
So if there s a way out of my skin
G C D G
I d like to know just what it is
G C D C A# A E F G# E
I want a new language and a new tongue, a new strategy

[Verse 2]

E F G# E
Cuz I tried to outrun my demons
E F G# E
It was like trying to catch a dark cloud with a butterfly net
E F G# E F G# E
It was like trying to walk across freshly fallen snow without leaving tracks
E F G# G
Cuz the past has a way of coming back

[Chorus 2]

G C D G
So I m gonna get to know those little demons
G C D G
So I can know where they end and I begin
G C D C
I m gonna peel back that fine line
A# A G
That divides me from my mind
