The way I stared to memorize your face
F7+ G/A
To kiss you in my mind
F G C
Love you all the time

C Em Am
Cause, when I close my eyes
F Em C Am C
I still can see your smile
Em Am
It s bright enough to light my life
F Em G C
Out of my darkest hour
F7+ G
Please believe it s true
F G C
When I tell you I love you

I ve taken too many chances
Searching for the truth in love that s in my heart
Tell me if I ve made the wrong advances
Tell me if I've made you feel ashamed
Cause I know I have to do this
Would you hold my hand right through it?

Chorus

Bridge: C Am F G

 ${\color{red} C}$  I had to let you know just what would happen  ${\color{blue} F}$

Would you?

Cause, when I close my eyes
I still can see your smile
It s bright enough to light my life
Out of my darkest hour

I still can see your smile
It s bright enough to light my life
Out of my darkest hour

I know now this is true when I tell you I love you
