

Going On

Gnarls Barkley

**Em** **G**  
I've seen it with my own eyes  
**D**  
How we're gettin' otherwise  
**A**  
Without the luxury of leavin'  
**Em** **G**  
The touch and feeling of free is  
**D**  
Untangible technically  
**A**  
Something you've got to believe in  
**Em** **G**  
Connect the cause and effect  
**D**  
One foot in front of the next  
**A**  
This is the start of a journey.  
**Em** **G**  
And my mind is already gone  
**D**  
And though there are other unknowns  
**A**  
Somehow this doesn't concern me.  
**G**  
And you can stand right there if you want  
**Dm** **Am**  
But I'm going on  
**C** **G**  
And I'm prepared to go it alone  
**Dm** **Am**  
I'm going on  
**C** **G**  
To a place in the sun that's nice and warm  
**Em**  
I'm going on  
**G** **D** **A**  
And I'm sure they'll have a place for you too oohoohoo  
**Em** **G** **D**  
Anyone that needs what they want, and doesn't want what they need  
**A**  
I want nothing to do with  
**Em** **G**  
And to do what I want  
**D**  
And to do what I please  
**A**

Is first of my to-do list

**Em** **G** **D**  
But every once in a while I think about her smile

**A**  
One of the few things I do miss

**Em** **G**  
But baby I've to go

**D**  
Baby I've got to know

**A**  
Baby I've got to prove it

**G**  
And I'll see you when you get there

**Dm** **Am**  
But I'm going on

**C** **G**  
And I'm prepared to go it alone

**Dm** **Am**  
I'm going on

**C** **G**  
May my love lift you up to the place you belong

**Em**  
I'm going on

**G** **D** **A**  
And I promise I'll be waiting for you oohoo
