

**Fragile**  
**gnash**

**E**                    **B**                    **A**  
I m sorry you saw me shaking

**E**                    **B**                    **A**  
Stay with me for a day

**E**                    **B**                    **A**  
I ve got no one to hold me

**E**                    **B**                    **A**  
Cause I, I turn them all away

**C#5**                    **B**                    **A**  
I don t wanna be alone

**C#5**                    **B**                    **A**  
But I m better on my own

**E**                    **B**                    **A**  
Cause I m fragile

**E**                    **B**                    **A**  
God, I m fragile

**E**                    **B**                    **A**  
I m sorry you saw me breaking

**E**                    **B**                    **A**  
But stay with me don t stray

**E**                    **B**                    **A**  
God, I wish you would hold me closely

**E**                    **B**                    **A**  
Don t think I don t feel the same

**C#5**                    **B**                    **A**  
I m better on my own

**C#5**                    **B**                    **A**  
But I don t wanna be alone

**E**                    **B**                    **A**  
Cause I m fragile

**E**                    **B**                    **A**  
God, I m fragile

**E**                    **B**                    **A**  
God, I wish I could love you

**E**                    **B**                    **A**  
God, I wish I could love you

**E**                    **B**                    **A**  
God, I wish I could love you

**E**                    **B**                    **A**  
God, I wish I could love you

**E**            **B**  
Cause I m fragile

**A**

**E**            **B**  
God, I m fragile

**A**
