

I Hate U I Love U
gnash

F#m

Feeling used
But I m

E

Still missing you
And I can t

C#m

See the end of this
D

Just wanna feel your kiss
Against my lips

F#m

And now all this time
Is passing by

E

But I still can t seem to tell you why

C#m

It hurts me every time I see you

D

Realize how much I need you

F#m

I hate you I love you

E

I hate that I love you

C#m

Don t want to, but I can t put

D

Nobody else above you

F#m

I hate you I love you

E

I hate that I want you

C#m

You want her, you need her

D

And I ll never be her

F#m

I miss you when I can t sleep

E

Or right after coffee

Or right when I can t eat

C#m

I miss you in my front seat

D

Still got sand in my sweaters

From nights we don't remember

F#m

Do you miss me like I miss you?

E

Fucked around and got attached to you

C#m

Friends can break your heart too, and

D

I'm always tired but never of you

F#m

If I pulled a you on you, you wouldn't like that shit

E

I put this real out, but you wouldn't bite that shit

C#m

I type a text but then I never mind that shit

D

I got these feelings but you never mind that shit

F#m

Oh oh, keep it on the low

E

You're still in love with me but your friends don't know

C#m

If you wanted me you would just say so

D

And if I were you, I would never let me go

F#m

I don't mean no harm

E

I just miss you on my arm

C#m

Wedding bells were just alarms

D

Caution tape around my heart

F#m

You ever wonder what we coulda been?

E

You said you wouldn't and you fucking did

C#m

Lie to me, lie with me, get your fucking fix

D

Now all my drinks and all my feelings are all fucking mixed

F#m

Always missing people that I shouldn't be missing

E

Sometimes you gotta burn some bridges just to create some distance

C#m

I know that I control my thoughts and I should stop reminiscing

D

But I learned from my dad that it's good to have feelings

F#m

When love and trust are gone

E

I guess this is moving on

C#m

Everyone I do right does me wrong

D

So every lonely night, I sing this song

F#m

I hate you I love you

E

I hate that I love you

C#m

Don't want to, but I can't put

D

Nobody else above you

F#m

I hate you I love you

E

I hate that I want you

C#m

You want her, you need her

D

And I'll never be her

F#m

E

All alone I watch you watch her

C#m

D

Like she's the only girl you've ever seen

F#m

E

You don't care you never did

C#m

D

You don't give a damn about me

F#m

E

Yeah all alone I watch you watch her

C#m

D

She's the only thing you've ever seen

F#m

E

How is it you never notice

C#m

D

That you are slowly killing me

F#m

I hate you I love you

E

I hate that I love you

C#m

Don't want to, but I can't put

D

Nobody else above you

F#m

I hate you I love you

E

I hate that I want you

C#m

You want her, you need her

D

And I ll never be her
