

The Broken Hearts Club
gnash

C#m **E**
I need emotion Novocaine, I need a numbing of my brain
B **A**
I need somethin to take away the remains of your name
C#m **E**
I need amnesia for a day and an umbrella for the rain
B **A**
That hasn't gone away since you said you didn't need me

A **B**
Lately been thinkin maybe
C#m **B**
There's a place we won't feel so crazy
A **B**
Been in a hazy mid-morning daydream
C#m **B**
I found a shady spot that they saved me

C#m **E**
They said, Come be the newest member of the broken hearts club
B **A**
We hate every little thing about the people that we love
C#m **E**
We're the let-down, we're the lied-to, where the lost go and it finds you
B **A**
Where the lonely make the lonely feel less lonely, and we're dyin' to
C#m **E**
Invite you to stay, and take away the pain
B **A**
Cause misery loves company, so hey, what do you say?

C#m **E**
And at first I wasn't sure if there's even a cure
B **A**
For what I'm feelin', cause what I'm feeling's been feelin' more and more
absurd
C#m **E**
The repeating in my head of every last word that you said
B **A**
Feels like ever since you left, you still won't leave me

A **B**
And lately, been thinkin maybe
C#m **B**
There might be a place we won't feel so crazy
A **B**
For changing the way you made me
