Other Side Of Town Go Cat Go [Intro] [Verse 1] Well, I got a little mama On the other side of town All the cats in the neighbourhood Try to put my baby down Well, she may not wear no fancy clothes And drive no shiny car But I love that little girl Like she was a movie star [Verse 2] She got big black eyes and long red hair And dimples on her cheek And she got the cutest figure From her head down to her feet Well, she s my boxtop cutie The craziest that I found How I love that little girl
