while I ve been here beside myself

**Am**

how your bedroom smells just like me

**F**

and how you found somebody else

**C**

but there s a letter that I wrote you

**C/B**

just on the back of your top shelf

**Am**

incase you think the things I ve told you

**F**

you wont hear from someone else

**G**

**F**

it sucks so bad the things I feel

**G**

when its just us inside the dark

**Am**

**F**

**C**  
that, that I don't need your help  
**G**  
and I'm okay by myself  
**Am F**  
you can go to hell  
**C C/B**  
and I feel it's time that I have said  
**Am**  
there are some things that I regret  
**F**  
like never checking out the odds against this bit  
**C**  
cause I would pack my favorite things I ever owned  
**C/B**  
that you would leave and I would be missing you like hell but I won't

**C**  
go to hell  
**G**  
if you're reading this and I'm not here  
**Am**  
take your someone else  
**F**  
and let me make this crystal clear

**C**  
that, that I don't need your help

**G**  
and I'm okay by myself  
**Am F**  
you can go to hell

**C**  
go to hell  
**G**  
if you're reading this and I'm not here  
**Am**  
take your someone else  
**F**  
and let me make this crystal clear

**C**  
that, that I don't need your help

**G**  
and I'm okay by myself

**Am F C G**  
you can go to hell

**Am F**  
oh you can go to hell

**C G Am**  
you make sure you take someone else

**F**
