

Redemption In The Verse

Go Radio

Capo III Fret

C **F**
Today a daughter will hug her father and ask when s Jesus coming back

F **C**
He wonders should he even bother with the words

Am **F**
Cause all he got her in the world was just a box filled with regret

Am **F** **C**
It played a song that sang redemption in the verse

Am **C**
See since the day the sunshine left it left its marks on both his wrists

F **G** **C**
And pulled the center of his heart out by a noose

G **Am** **C** **Am** **F**
See without the sun you just can t grow into the height that you belong

F **G** **C**
You stay on the ground to die with way to much to prove

F
And so let s all keep singing the same song

C
Keep singing if you re wrong

F
Oh and chins up its all gonna clear up

C
There s a place where we belong

Am **F** **C**
Seems like they ve been there for forever when the talk began to stop

Am **C** **Am**
And I watched for hours from the corner and they continued down the block

F **G** **C**
To try to pinpoint every second when my heart began to stop

F
And so let s all keep singing the same song

Keep singing if you re wrong
