

**Against The Nature**  
**Gogol Bordello**

It goes with **D - A - G - D** the whole song...  
I don't even need to write the whole lyrics I think haha. It goes like...

**D**                    **A**                    **G**                    **D**  
Well, I confess, I had myself a good laugh,Â  
**D**                    **A**                    **G**                    **D**  
remembering the times of my provincial ñvivete.Â  
When I was ready to break horns of all the cows,Â  
just to establish myself as non-conforming.Â  
Well time has passed,Â  
and I looked back with a different eye,Â  
and I thought it's time to reenlist with wonder why guyÂ

I reached out for a penÂ  
to sign a peace treaty,Â  
but suddenly got up,Â  
and took to running wild!Â

Against the nature,Â  
against the grain,Â  
for as long,Â  
and as far as you can,Â  
for only there lies entertainment,Â  
for a heart of merry lasting manÂ  
merry lasting manÂ

What do you do,Â  
my friend,Â  
when you are done withÂ  
investigating bounds ofÂ  
reality?Â  
Creating hundreds of amendments,Â  
for issuing of commandments,Â  
ready to shoot yourself out of curiosity,Â  
but wait!Â  
There is a way,Â  
ain't nothing new to say,Â  
however,Â

Against the nature,Â  
against the grain,Â  
for as long,Â  
and as far as you can,Â  
for only there lies entertainment,Â  
for a heart of merry lasting manÂ  
merry lasting man

I wake up in the night,Â  
turn on my lamp,Â  
should contemplateÂ  
direction of my vector,Â  
when I findÂ  
small parcel from the lord:Â  
fruit basket...Â  
Sprinkled with nectar.Â  
and there i sit and my legs are strong  
all quiet only voices dining fearsomeÂ  
I shove a piece of garlic down my throat,Â  
come on, hop down the stairs, come on, you re all eternal falls of reason...Â
