I just realized that I m dying to see you
          Fm          Fm/B          Bbm          Bbm/E
And hear you all over again and again
          Ebm          Ebm/A          Bbm          Bbm/E
When did it start, on which exact moment?

Oh, I don t know and I hope it will end

Where is the exit? Of course, there is none
