

Last One Goes The Hope
Gogol Bordello

Fm Eb

Unvisible barbed wire all along

C7 Fm

Around the neck of my song

G# Eb

He Romale, I m beat up

C7 Fm

But going strong

Fm Eb

Unstoppable fire of my tongue

C7 Fm

And the path ahead that s long

G# Eb Fm

Will get me at the end where I belong

G# Bbm

Cause I ve seen ship of fools

C7 Fm

Sinking in the dunes

G# Bbm Fm

As I dragged my coffin on the rope

G# Bbm

Them all look down at me

C7 Fm

But I got all the help I need

G# Bbm Fm

Cause the last one, last one goes the hope

G# Bbm Fm

Last one, last one goes the hope

Fm Eb

Unseizable diamond from my sling

C7 Fm

Still is searching for its ring

G# Eb C7 Fm

In a city of ruins where no-one sings

Fm Eb

But zombies and willful slaves

C7 Fm

Living in their tiny private caves

G# Eb Fm

Crooked hands, digging up their graves

G# Bbm

Yeah I ve seen ship of fools

C7 Fm

Sinking in the dunes

G# Bbm Fm

As I dragged my coffin on the rope

G# Bbm

Them all look down at me

C7 Fm

But I got all the help I need

G# Bbm Fm

Cause the last one, last one goes the hope

G# Bbm Fm

Last one, last one goes the hope

Dee dee dee...

Last one, last one goes the hope

Last one, last one goes the hope

He romale, no passarn

Hey chavale, non rien de rien

You see the thunderbird already starts to spin

He romale, no passarn

He chavale, non rien de rien

Hey, venceremos,

??? ?????? ?? ???????!

Cause I ve seen ship of fools

Sinking in the dunes

As I dragged my coffin on the rope

Them all look down at me

But I got all the help I need

Cause the last one, last one goes the hope

Ooh, last one, last one goes the hope

Ooh, last one, last one goes the hope

Ooh, last one, last one goes the hope

Dee dee dee...

Ai ai ai...

Last one, last one goes the hope (ai goes the hope!)

Last one, last one goes the hope

Last one, last one goes the hope (ai goes the hope!)

Ooh, last one, last one goes the hope
