

Last One Goes The Hope
Gogol Bordello

F#m E

Unvisible barbed wire all along

C#7 F#m

Around the neck of my song

A E

He Romale, I m beat up

C#7 F#m

But going strong

F#m E

Unstoppable fire of my tongue

C#7 F#m

And the path ahead that s long

A E F#m

Will get me at the end where I belong

A Bm

Cause I ve seen ship of fools

C#7 F#m

Sinking in the dunes

A Bm F#m

As I dragged my coffin on the rope

A Bm

Them all look down at me

C#7 F#m

But I got all the help I need

A Bm F#m

Cause the last one, last one goes the hope

A Bm F#m

Last one, last one goes the hope

F#m E

Unseizable diamond from my sling

C#7 F#m

Still is searching for its ring

A E C#7 F#m

In a city of ruins where no-one sings

F#m E

But zombies and willful slaves

C#7 F#m

Living in their tiny private caves

A E F#m

Crooked hands, digging up their graves

A Bm

Yeah I ve seen ship of fools

C#7 F#m

Sinking in the dunes

A Bm F#m

As I dragged my coffin on the rope

A Bm

Them all look down at me

C#7 F#m

But I got all the help I need

A Bm F#m

Cause the last one, last one goes the hope

A Bm F#m

Last one, last one goes the hope

Dee dee dee...

Last one, last one goes the hope

Last one, last one goes the hope

He romale, no passarn

Hey chavale, non rien de rien

You see the thunderbird already starts to spin

He romale, no passarn

He chavale, non rien de rien

Hey, venceremos,

??? ????? ?? ???????!

Cause I ve seen ship of fools

Sinking in the dunes

As I dragged my coffin on the rope

Them all look down at me

But I got all the help I need

Cause the last one, last one goes the hope

Ooh, last one, last one goes the hope

Ooh, last one, last one goes the hope

Ooh, last one, last one goes the hope

Dee dee dee...

Ai ai ai...

Last one, last one goes the hope (ai goes the hope!)

Last one, last one goes the hope

Last one, last one goes the hope (ai goes the hope!)

Ooh, last one, last one goes the hope
