**F#m Bm C#7 F#m**  
What was here now is gone  
**F#m Bm C#7 F#m**  
Up and down, like everyone

Walked the earth in lonesome cry

[Chorus]

**Bm**  
But when the sun comes up  
**F#m**  
When the sun comes up  
**Bm**  
It will be on your side,

It will be on your side.

**F#m Bm C#7 F#m**  
To the song of wheels, all demons die

Rays of joy, they multiply

Harmony, you will be my bride

But when the sun comes up  
**F#m**

I ll let out last breath

**Bm**

And slumber softly into the death

**F#m Bm C#7 F#m**

[Verse 3]

**F#m Bm C#7 F#m**

My half-breed odyssey

**F#m Bm C#7 F#m**

Your orphan prophecy

**F#m Bm E A**

Our destiny we will not hide

[Chorus]

**Bm**

When the sun comes up

**F#m**

When the sun comes up

**Bm**

It will be on your side

**C#7**

It will be on our side

**F#m Bm C#7 F#m**

**Bm**

When the sun comes up

**F#m**

I ll let out last breath

**Bm**

**C#7**

And slumber softly into the death
