

**Flying Whales**  
**Gojira**

Tabbed by: Jack M

Email: \*ail..com (take out 1 of the . s you can never be too careful  
spam)Be gentle 1st tab

Tuning:could actually be drop d but as this riff doesnt necessarily use the  
lowest bass  
then use standard

Sorry this is just the one riff after the really long intro. Your gunna have to  
listen  
the song for the timing cos its the key element to the riff

This aint completely correct cos the rhythms are pretty crazy but its the only  
tab of  
riff around at the moment so live with it
