

Summer House
Gold Motel

This is a really great and fun song to play. Great to play with a few friends on a sunny day.

No capo

The basic progression for the intro is the same as the verses.
*When an A chords appears, play it up on the fifth fret.

F#m E Am D F#m E

End of Chorus and back to verse:
D Am

You can figure out the timing and strum. Again, this is a great and fun song. Play it acoustic or electric and it ll sound great. Greta I love you.
