

Please Venus
Golden Silvers

Bb Gm | Bb Gm |

Bb Gm
She was a murderess in a million dollar dress
Bb Gm
Far from these haunted shores she went
Bb Gm
She was a billionaire just like the girl with flaxen hair
Bb Gm
A beauty queen from the scene she had been set
Cm F
Beneath those wide dark eyes
Cm Eb
She was never satisfied

Bb Gm Eb
Please Venus lay your head down low
Eb Bb Gm | Bb Gm
Tomorrow find somewhere else to call your home
Bb
When you rise again the dunes will dance
Gm Eb
The sand will sing the silver shells will glow
Bb Gm | Bb Gm
O your love has gone but your not alone

Bb
So as she left the sands
Gm
A dream boat with hard lock hands
Bb
Fingers full of pearl rings
Gm
Should have seen her shake her tambourine
Bb Gm
And her pride and joy, was her darling boy
Bb Gm
He came invisible and disappeared into the screen
Cm F
And beneath those city lights
Cm Eb
Her heart started beating like dynamite
