VERSE:

C **A**
I didn t ask you to take me from here
F **G**
I didn t ask to be broken
C **A**
I didn t ask you to stroke my hair
F **G**
And treat me like a worthless token
C **A**
But my skin is thick
F **G**
My mind is strong
C **A**
I am built like my father was
F **G**
I ve done nothing wrong

CHORUS:

C **A**
So free me
F **G** **C** **A**
I just wanna feel what life should be
F **G** **C**
I just want enough space to turn around
A
And face the truth
F **G**(hold)
So free me

VERSE:

C **A**
When are you gonna realise
F **G**
You re just wrong
C **A**
You can t even think for yourselves
F **G**

You can't even make up your minds

C **A**

So my mind's a jail

F **G** **C**

I hate the whole god-damn human race

A

What the hell do you want from me

F **G**

Kill me if you just don't know

CHORUS:

C **A**

Or free me

F **G** **C** **A**

I just want to feel what life should be

F **G** **C**

I just want enough space to turn around

A

But you're all f*cked

F **G**

And someday maybe you'll treat me like you

For the outro just play the intro again through twice, and end on C
