

My Girlfriends Shower Sucks
Goldfinger

I noticed that this tab was only on UG for the bass, so I sat down and figured out what believe to be an accurate tab. I use mainly ska chords, except for the F#, which I to use a bar chord for. Here you go:

Song: My Girlfriends Shower Sucks
Artist: Goldfinger
Album: Goldfinger [Self-Titled]
Tuning: Standard

Here are the ska chords for you. As I already said, I prefer not to use the ska F#, so use the bar instead. These are the only chords played in the song.

Bm	G	A	F#	
E--7-----3-----5-----2-----				
B--7-----3-----5-----2-----				
G--7-----4-----6-----3-----				
D-----5-----7-----4-----				
A-----4-----				
E-----2-----				

For the intro you just keep playing Bm

Bm	G	A	F#	
The temperature changes, it chills me to the bone.				
Bm	G	A	F#	
It makes me wish that I was was cleanin myself at home				
G	A	Bm	G	
It makes me grumpy and sometimes I lose hope				
G	A	F#		
The water s hard so I can never rinse the soap				
G	A	Bm	Bm A G F#	(Do this quickly)
And it s got no pressure				
G	A	F#		
The water dribbles down on me				
G	A	Bm	Bm A G F#	(Quickly again)
And it s got no pressure				
G	A	F#		
It s like the shower s going pee				

And then you wanna arpeggiate the F# chord, and then the song is done.

I m pretty sure this is near to perfect, it sounds right to me. Feedback is

appreciated.
