the net, but I didn t see anyone else trying to tab it.  
This is my first attempt at tabbing a song, so bear  
with me.

LYRICS

You come around to see your boyfriend  
You come around to feel the pain  
It was yesterday he tried to use you  
But you still go through it  
Again you took it away  
Again you let yourself stay

I ve been around  
this lonely place  
lonely place before

You find out he s been lying to you  
You find he had another girl  
Still you never stand up for yourself  
You never stand up to him  
He takes it away  
Again you let yourself stay  
Again you give it to him  
You sat it s the last time he does it again

You got a choice to leave this place  
Your lonely place behind  
Be true to yourself now and let it go  
It s better than you think
