

**Forever**  
**Goldfrapp**

Intro

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Verse I

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Here            I wann-a be                                      a stran-ger

**D2/A**                      **D2/C**                                      **D2/F#**                                      **D2**

Drift in and then out,                                      just lin-ger

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Slow mo-tion you fall,                                      like a bloss-om

**D2/A**                      **D2/C**                                      **D2/F#**                                      **D2**

Way out there on a star,                                      nova laz-er

Chorus

**A**                                      **Cmaj7**                                      G69                                      **Em7**

Life,                                      love,                                      just to                                      life

**A**                                      **Cmaj7**                                      G69                                      **Em7**

Love,                                      love,                                      life,                                      life

(as intro)

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Verse

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Write it down                                      but don t send the lett-er

**D2/A**                      **D2/C**                                      **D2/F#**                                      **D2**

When it shines                                      we are                                      for-ever

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Here            I wann-a be                                      a stran-ger

**D2/A**                      **D2/C**                                      **D2/F#**                                      **D2**

Way out there on a star,                                      nova laz-y

Chorus

**A**                                      **Cmaj7**                                      G69                                      **Em7**

Life,                                      love,                                      just to                                      life

**A**                                      **Cmaj7**                                      G69                                      **Em7**

Love,                                      love,                                      life,                                      life

Bridge

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

**D2/A**                      **D2/C**                                      **D2/F#**                                      **D2**

Outro

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Just don t                                      leave me                                      here

**D2/A**                      **D2/C**                                      **D2/B**                                      **D2**

Just don't

leave me

here
