Night has fallen mute and cold my horse is crying  
But you know there is time, but you know there is time, but you ll never learn  
keep you safe  
Dare to come but you love me still, but you re loving it tears to come  
You have dammed me and you re the one that you re forever in distance  
But you know that there s strength, and you love a man who stewed out these  
tears  
Years to come but you love the tears, and you love the tears still to be  
La la la la la la, la la la la la la
