Dial up my number now, weaving it through the wire
Switch me on, turn me up
Don t want it baudelaire just glitter lust
Switch me on , turn me up
I want to touch you, you re just made for love
I need la la la la la la, I need ooh la la la la
Coils up and round me, teasing your poetry
Switch me on, turn me up
Oh child of venus, you re just made for love
You know I walk for days, I wanna waste some time
You wanna be so mean, you know I love to watch
I wanna love some more, it ll never be the same
A broken heel like a heart, I ll never walk again
