Goldheart Assembly: Engravers Daughter

C#m **E** (x2)

C#m **E**

Born October came to be a household name

C#m **E**

Youre your fathers daughter, help a poor boy and ran

A

And no one will believe you now

And someone really needs you now

E

Someone really needs you now

C#m **E**

Hearts were sinking, must have been a five year lull

C#m **E**

Green eyes blinking help a poor boy and run

C#m

I see a burning now

A

Boy you could fade from sight

E

Any minute now

Youre little minds on fire

C#m

Ma put you down last night

A

Father I saw you dying

E

Any minute now

Youre little minds on fire

A **E**

Ill be burning too

A **E**

Ill be burning too

C#m

I see a burning now

A

Boy you could fade from sight

E

Any minute now

Youre little minds on fire

C#m

Ma put you down last night

A

Father a saw you dying

E

Any minute now

Youre little minds on fire
