Ebm (000231)
F# (133211)
F#m (133111)

```
Bbm                               C#
A parade, way to spend your day
        G#              Bbm
Its the honest way

Wait your turn
             C#     G#
Waved at everyone
                  Bbm
Cause you needed them
               C#   ->(Push C to 4th and then to 6th fret in transition mute 1st
(0) string)
Oh you needed friends

        C#                          Eb
Its the feel good program of the year
                 Ebm
Its turning you in circles
            C#   G#
Around...yourself

Bbm
Move along now
                     C#
Theres nothing here to see
     G#                   Bbm
Just read it in the times

It ll fade
```

```
                         C#    G#(Alternatively: 10101010 on 2nd String,figure this
out yourself[Easy])
its gonna fade in the end
                    Bbm
Oh the neighbors say
                 C# ->(Push C to 4th and then to 6th fret in transition mute 1st
(0) string)
What will they say

C#                                    Eb
Its the feel good program of the year
                           Ebm
Its turning you in circles
               F#m
Around around around

C#                                    Eb
Its the feel good program of the year
                       Ebm
Its turning you in circles
           C#       Eb    C#
Around yourself

C#                                    Eb
Its the feel good program of the year
                       Ebm
Its turning you in circles
               F#m
Around around around

C#                                    Eb
Its the feel good program of the year
                       Ebm
Its turning you in circles
         C#
Around yourself
    Eb
Yourself
   C#       Eb    C#
Yourself
```
