The Goo Goo Dolls - All That You Are

Tabbed by: Paul van Kesteren 31/05/11

Hi, I don't tab out songs too often, but this was too good a chance to pass up since I'm a huge fan of this band. It's all done by ear and I chose the tuning since John has used it on three different occasions already (Black Balloon, Can't

Let It Go and Always Know Where You Are) so it's pretty safe to state that it's as close as you can get without him telling you the exact tuning. If you find any mistakes please let me know.

I was alone in the dark and the fear was my truth.
