

C#                  G#  
You, see me through,  
D#                  F                  F#                  G#

I was alone in the dark and the fear was my truth.

**C# F#**  
Yeah, all the things that you are,  
**Bb G#**  
Beautifully broken, alive in my heart,  
**C# F#**  
And know that you are everything,  
**Bb G# F# F D# G#**  
Let your heart sing and tonight, we light up the stars,  
**C# G# F F#**  
All that you are.

**C# G# F**

I break down even though I m still strong,  
**C# G# F F# C#**  
And time, will make fools of us all,  
**G# F F#**  
Builds us up, and then laughs when we fall.

**C# G#**  
You, pull me through,  
**D# F F# G#**  
I was alone in the dark and the fear was my truth.

The faith that I ve lost,  
**A G#**  
The answers I m seeking no matter the cost,  
**B**  
You opened the window,  
**B**  
Now I can see,  
**D# F F# G#**  
And you taught me forgiveness by giving your love back to me.

**C#** **F#**  
Yeah, all the things that you are,  
**Bb** **G#**  
Beautifully broken, alive in my heart,
