You re cynical and beautiful
E
You always make a scene
A2
You re monochrome, delerious
A2
You re nothing that you seem
E
I m drowning in your vanity
E
Your laugh is a disease
A2
You re dirty and you re sweet
A2
You know you re everything to me

F Am C G
Ohhhhh...everything you are
F Am C G
Falls from the sky like a star
F Am C G
Everything you are
F Am E
Whatever ever you are...

E
I wanna kick at the machine
E
That made you piss away your dreams
A2
Tear down your defenses
A2
Till there s nothing there but me
E
You re angry when you re beautiful
E
Your love is such a tease
A2
I m drowning in your dizzy noise
A2
I wanna feel you scream

Repeat Chorus, and play with fingerpickings on the bridge
