[Verse]

A **D**
The strands in your eyes that color them wonderful
A **E** **D**
Stop me and steal my breath
A **D**
Emeralds from mountains thrust towards the sky
A **E** **D**
Never revealing their depth
A **E** **D** **E**
Tell me that we belong together
A **E** **D** **E**
Dress it up with the trappings of love
A **E** **D** **E**
I'll be captivated, I'll hang from your lips
A **E** **D** **E**
Instead of the gallows of heartache that hang from above

[Chorus]

A **D**
And I'll be your crying shoulder
A **E** **D**
I'll be love's suicide
A **D**
I'll be better when I'm older
A **E** **D** **A** **D-A-E-D**
I'll be the greatest fan of your life

[Verse 2]

A **D**
Rain falls angry on the tin roof
A **E** **D**
As we lie awake in my bed
A **D**
You're my survival, you're my living proof
A **E** **D**
My love is alive not dead
A **E** **D** **E**
Tell me that we belong together
A **E** **D** **E**
Dress it up with the trappings of love
A **E** **D** **E**
I'll be captivated I'll hang from your lips
A **E** **D** **D**

Instead of the gallows of heartache, that hang from above
