My words are choked and full of tears
But still you listen to me dear
And someoneâ€™s calling you away
And now I understand

Pre-chorus:

F# A
The time that Iâ€™ve wasted
F#
So bitter and faithless
A
Is tearing me down now,
B
Down now

Chorus:

E
So can you hear me?
C#
Or would you sing along
B
Or turn me down

Forget I ever wrote this for you?

E
So can you hear me?
C#
Or has it been too long
B
I know that I was wrong

And this is still your song

Verse 3:

Turn it on and off again
And now I lost another friend
You waded through my darkest thoughts
When I was sure to drown

And now I pass you on my way
And if you stop, what could I say?
Apologies for yesterday
Like a fool, I walk away
