Good Charlotte

[Intro]

D   D/A   D/B D/G   x2

[Verse]
D   **A**   **Bm**
   I want you to know, you re not alone
                    G   **D**
Everything you are and everything you re not
                    A   **Bm**
When happiness dies and the pain, it will come
               G
Life s funny, it s a game we play and you know we run

[Pre-Chorus]
D   **A**
   I wonder when I get back home
                         Bm
Is there really any way of knowing
                              G
If I did this right, cause I m just not sure if I m ready for it
D   **A**
   And should I even try it out
                       Bm
If I don t know where I m going
                       G
So I close my eyes, and I say my prayers maybe life will show me

[Chorus]
D   **A**   **Bm**
   Are you looking out? Are you looking in?
               G
Where does this start? And where does it end?
D   **A**   **Bm**
   The night can get so dark, in this dream we re living in
               G
Where does this start? Tell me where does it end

[Interlude]

If I did this right, cause I m just not sure if I m ready for it
D   A
  And should I even try it out

If I don t know where I m going

So I close my eyes, and I say my prayers maybe life will show me
