Hey! This is just the chords for this song.

E-Mail me at skier24@optonline.net if you think there s a better  
chord.

Also you have two options, if u listen to the CD there s just the bass  
line throught the verses, you can play riff 1 through it.

RIFF 1

**G B C D**

RIFF 2

**C D G B**

RIFF 3

You ll have to listen to the CD to figure out the pattern and how  
everything goes together. Have fun!
