Am

Walking on the streets of D.C.,

C

On the East Coast where I live,

Am

You say what s the problem

C

What s with this angry kid

Am

You don t like the way I walk,

G

or the way I talk,

C

or the way I swing my hands,

Am

You don t like the words I speak,

G

or the thoughts I think,

C

And I know you ll never understand

][Chorus][

F **C**

You know

G

On the East Coast, we ride until we die

F **C** **G**

You know,

F **C**

Well there s a place inside my mind,

G

Yeah, a place you ll never find,

F **C**

There s a place inside my mind

G

Walk this way

You know

][Riff 1][

Am

Wouldn't it be perfect

C

if I could sit with you?

Am

And we would change a thing or 2,

C

we'd change a thing or 2,

Am

We would change the way you think,

C

we would change the way I think,

Am

We would change the way they think

C

but we're not changing anything

][Chorus][

G

We'll leave today

You know
