

**Standing Ovation**  
**Good Charlotte**

**C** **D**  
As I start to make my way back home  
**C** **D**  
Through the crowded streets where the people come and go  
**C** **D**  
All the faces that I see, they seem to show,  
**C** **G** **D**  
A standing ovation, for you  
**C** **G** **D**  
A standing ovation, for you.

**G** **D**  
We re alive, now let s just take our time  
**C**  
Now let s just make the most of every day we have,  
**D** **G**  
The most of every moment, we re alive  
**D**  
Now let s not waste our time  
**C**  
Now let s just make the most of every breath we take  
**D**  
The most of every second we re alive  
**C** **D**  
Ohhhh, cause we re alive  
**C**  
Ohhhh.

[Same chords as first verse]  
Out the window of a train, the cities go  
Pass so fast just like the days I watch you grow  
And one day you will walk away from all you know  
This standing ovation s for you  
This standing ovation s for you.

[Chorus, same chords]

**C** **D** **G** **Bm**  
Can t you see, the world is on their feet for you and me  
**C** **D**  
And its alright, you ve got me  
**C** **G** **Bm**  
Cause even when I m gone, I ll never leave  
**C** **G**  
So go and get your dreams.

[Chorus, same chords]

[First verse again, same chords, end on D]
