

Dont Come Home Today  
Good Morning

F# - G#m x2

I could laugh about  
All the things I m trying out  
But what s the point in that  
If you re not supporting them  
And who cares  
Where you have gone today  
And who cares  
Well I guess they won t be telling you anyway

I could laugh about  
All the things I m trying out  
But what s the point  
The point in that  
And who cares  
Where you have gone today

(Oh no)  
And who cares  
If you don t come home anyway  
And who cares  
If you didn t come, don t come home today  
And who cares  
Nobody s gonna miss you anyway

G#m  
(Oh no)
