

**Cant Go Home  
Good Old War**

Capo on the 3rd  
Intro/Verses: **G D C**  
Chorus: **Em D C**

**G** **D** **C**  
That s the last I ll compromise

**G** **D** **C**  
Before your perfect eyes

**G** **D** **C**  
It s a dream that wakes you up

**G** **D** **C**  
There s nothing like sleeping alone so much

**Em** **D** **C**  
You keep holding me back when I m on my way

**Em** **D** **C**  
I could only forget if you let me stay

**Em** **D** **C**  
Then I d leave when I want to give you some peace

**Em** **D** **C**  
But you couldn t believe there d be times like these,

**Em** **D** **C**  
When I tell you the truth like I miss your touch

**Em** **D** **C**  
Or when you couldn t take that I laughed so much

**Em** **D** **C**  
If I told you to stay you would never want

**Em** **D** **C** **D**  
To be standing alone like a setting sun

**G** **D** **C**  
That s the last I ll compromise

**G** **D** **C**  
Before your perfect eyes

**G** **D** **C**  
It s a dream that wakes you up

**G** **D** **C**  
There s nothing like sleeping alone so much

**Em** **D** **C**  
So you can go where you want without telling me

**Em** **D** **C**  
Take your life where you want never think of me

**Em** **D** **C**  
Cause I m trying to live like I never have

**Em** **D** **C**

But you couldn't believe there'd be times like that

**Em** **D** **C**

When I tell you the truth like I miss your touch

**Em** **D** **C**

Or when you couldn't take that I laughed so much

**Em** **D** **C**

There's no way I could stay in the home you left

**Em** **D** **C**

There are things in my life that I can't accept

**G** **D** **C**

That's the last I'll compromise

**G** **D** **C**

Before your perfect eyes

**G** **D** **C**

It's a dream that wakes you up

**G** **D** **C**

There's nothing like sleeping alone so much
