Ghost Upon The Sea
Goons Of Doom

```
G
I ll cross ten oceans, and I ll cross ten seas
C
I am a gannet and Iâ€™m flying free
G
I was a sailor, been lost before
G                            D
But now i m a coming, coming home to shore

G
I lost a woman, the one that i love
G                 C
Thought she was given to me from the lord up above
G
I know that i ll find her, one of these days
G                            D
Somewhere in a land, thatâ€™s far away
G                    D
Yeah in a land, thatâ€™s far away

G
Grew up together, then we came undone
G                    C
And then I found out years later that we d,  had us a son
G
My life it was empty, where could they be
G                                    D
         G
One day Iâ€™m going to find them, but they wont see me
G                        D
Cos im just a ghost upon the sea

G
Broken hearted and flying lonely
G             C
Oh my wings are spread wide as I, I ride the tide
G
But I m never reaching, those that I seek
G                    D
My body is battered, and my wings are torn

G
Where s that sweet lady, oh wheres that sweet boy
G                            C
You know that Iâ€™d buy her dresses and that Iâ€™d buy him some toys
G
```

I m never reaching, those that I seek
G   **D**
My body is battered, and my wings are torn

G   **D**
How will I survive, those winter storms

G   **D**   **G**
Cos I m just a ghost upon the sea
G   **D**   **G**
Yeah I m just a ghost upon the sea

D   **C**
