

Demon Days

Gorillaz

**A**

Well these demon days are so cold inside

**G**

So high to live and so to survive

**A**

You can't even trust the air you breath

**G**

Co s mother earth has a soul to live

**A**

When the lies became reality

**G**

You love yourself because it s easy

**A**

Pick yourself it s a brand new day

**G**

So turn yourself round, don't burn yourself, turn yourself

**A**

Turn yourself around to the soul

To the soul...
