I think the sadness has come again
Green velvet in a parked sedan
Nobody missed her gold earring
Right aside for you
Nothing will be bad for me then to
I just wanna put my arms round you
And whisper, I m on one percent but I m there with you

I know I fantasize
Although I don t even find
If you re good for me
Then I m good for you
And that s all I need
In my life

Through all of my tunes, I ll dance tonight
With you frozen in the mirrored light
Way s out, only weighs in to my heart
As the colors explode again
It s a problem that I can t repair
Always with you, always
