Gospel Music feat. Darren Hayman from Hefner

**C F**  
Baby I ve been brewing my own beer  
**C F**  
I d pour you a pint if you were still here  
**C F**  
I know your new man s kind of a big deal  
**G F**  
But I bet he don t brew his own beer

**C F**  
Baby I quit smoking those cigarettes  
**C F**  
If I could only get off this Nicorette  
**C F**  
You know I only started because we met  
**G F**  
Thanks for being a sport about my breath

**C F G F C F G F**  
You didn t get the best of me  
**F G**  
The best of me came after you  
**F G**  
Now it s being wasted on someone new

**C F**  
Baby I ve been cooking this gumbo  
**C F**  
With okra, celery, peppers, quote-sausage-quote  
**C F**  
It s a shame I never got to fix you a bowl  
**G F**  
But maybe sometime later " you never know

**C F**  
And babe I finally finished a marathon  
**C F**  
Next year I m trying to qualify for Boston  
**C F**  
Remember all our hung-over morning runs?  
**G F**  
Well, without you the miles seem twice as long

**Em F**  
I hear you finally found your sound  
**Em F**  
Your low notes always fell to the ground  
**Em F G A**  
I hear you finally found your sound second-hand

**C F G F C F G F**  
You didn't get the best of me  
**F G**  
The best of me came after you  
**F G**  
Now it's being wasted on someone new  
**F G**  
I'm wasted now with someone in lieu

**C F**  
Baby I've been brewing my own beer  
**C F**  
I'd pour you a pint if you were still here  
**C F**  
I know your new man's kind of a big deal  
**G F**  
But I bet he don't brew his own beer
