THE CALL - GOTTHARD (Domino Effect)

C#m **B**
Don t call me up,
 A **G#** **B**
I won t answer this time
C#m **B**
You ve had your chances
 A **G#** **B**
And you blew them all, so fine.

C#m **B**
No, I won t regret it
 A **G#** **B**
I won t take this note on me
 C#m **B**
I ll try, try to forget it
 A **F#m**
Yes I m already on my way!

E
But higher they cry
 B
The harder they crawl
 F#m **A** **B**
I ve been waiting for this moment to come
 E
I ve played all my cards
 B
The stake was on you
 F#m **A**
Now they raise a single reason to stay
B
Wait for the call

C#m **B** **A** **G#** **A B**

You know I m tough, I give up
I m afraid that I could lose again
But hey, it s not an illusion
That s just a price I ve got to pay

But higher they fly
The harder they fall
I ve been waiting for this moment to come
I ve played all my cards
The stake was on you
Now they raise a single reason to stay
And wait for your call

To wait for Your Call....no!

But higher they fly
The harder they fall
I ve been waiting for this moment to come
I ve played all my cards
The stake was on you
Now they raze a single reason to stay

But higher they fly
The harder they fall

I ve been waiting...yeaah!

For you to take over!

And just filled your love just waiting for someone to call...
