

**I Feel Better**  
**Gotye**

Artist : Gotye  
Song : I Feel Better  
Tabbed by : Sam Bell

Verse:

**E**                                 **D**         **E**  
There was a time I was down, down  
**A**                                 **D**         **E**  
I didn't know what to do-----  
(**E**)                                 **D**         **E**  
I was just stumbling around, around  
**A**   **F#m**  
Thinking things could not improve  
**B**   **Ab**  
I couldn't look on the bright side  
**C#m**                                 **A**  
Of anything at all  
**F#m**   **Ab**  
That's when you gave me a call

Chorus:

**E**         **D**         **A**                     **D E**  
Now I feel better, better, better than before  
                  **E**         **D**         **A**                     **D**         **E**  
I feel better, better, better, now I'm not down any more

Verse:

**E**                                 **D**         **E**  
And there were times I was sure, so sure  
**A**                                 **D**         **E**  
I couldn't turn it around  
**E**                                 **D**         **E**  
I couldn't care any more  
**A**   **F#m**  
About the good things I found  
**B**   **Ab**  
That's when you gave me a reason  
**C#m**                                 **A**  
To make me smile again  
**F#m**   **B**  
I only have to see you and then

Chorus:

**E**         **D**         **A**                     **D E**  
Now I feel better, better, better than before  
                  **E**         **D**         **A**                     **D**         **E**  
I feel better, better, better, now I'm not down any more

**E**          **D**          **A**                  **D E**  
Now I feel better, better, better than before  
          **E**          **D**          **A**                  **D**          **E**  
I feel better, better, better, now I m not down any more

Bridge:

**C#m**  **Ab**  
Life sometimes seems to get the best of you  
**B**  **E**  
Like everything just brings you down  
**E7**  **A**  
Just when you think there s nothing you can do  
**F#m**  **B**  
A friendly face will bring you around  
N.C.  **E**  
And you ll feel better

Instrumental:

(**E**) **D A D E** x2

Final Chorus:

**E**                                  **D**          **A**                  **D**          **E**  
You ll feel better, you ll feel better, better than before  
  **E**                                  **D**          **A**                                  **D**          **E**  
You ll feel better, much better no you won t get down any more

Coda - Ending Chords:

**D, E, D, E, D, A, E** (repeat)

listen to the timings during the coda. I know its not right but it goes something like that.
