=====

This is a very awesome song and is great for gettin the girls all mushy (tip for you guys out there)...I know because I ve done it =D...but more than that it s also a great hit by Larry Gowan, and is unfortunately very under-rated. This has always been one of my favorite songs of all time and is definately my favorite hit by Lawrence Gowan. Have fun with this, its not too hard, some of the changes are fast but they re easy changes.

ROCK ON!
