Em **D**
There s trouble in the friendly skies tonight
Em **D**
Love can never last when you re flyin up this high
Em **D**
You took the lead, but I m not ready to come down
Em **A**
So long baby, I ll see you someday when we re both on the ground

Chorus:

Em **D**
And yeah, you re gone like the wind, and it don t even matter
Em **D**
I fly above it all and watch the world shatter

We had a skydive love affair

Doomed from the very start
Em
So you can throw my love to the wind
D **A**
I ll just float back to the ground
Em **D**
With my parachute heart

There s trouble in my lonely old balloon

I let you jump, but maybe you jumped too soon
Em **D**
It s too late for me to turn back now

So, goodbye baby
A
I m not ready to follow you down

Chorus:

Em **D**
And yeah, you re gone like the wind, and it don t even matter
