

Didnt Think So  
Grace Slick & The Great Society

[Intro]

**C#m A B**

[Verse 1]

**C#m A B**  
Never thought that it could be the one face that I d love  
**C#m A B**  
Never thought that I could place that one above the other  
**D E A**  
But his way of turning on seemed right to me  
**G F# F#m**  
And I think that he ll make me free

[Chorus 1]

**F# E C#m**  
Things that he chooses to put into his mind  
**B G#m F#**  
Seem to have placed his sadness behind him

[Verse 2]

**C#m A B**  
And if I have to follow it will change the way he is  
**C#m A B**  
And with me his sovereignty can t be lost by what I give  
**D E A**  
And if he mentions leaving I can do no more  
**G F# F#m**  
To make him stay behind an open door

[Chorus 2]

**F# E C#m**  
The love that he loses he will find again another way  
**B G#m F#**  
And I won t be the one to tell him where he must play

[Verse 3]

**C#m A B**  
When I first met him he was glaring at me  
**C#m A B**  
And I think it was black that he was wearing at the time  
**D E A**  
But he spoke of changes and said come with me  
**G F# F#m**  
And I was glad to leave

[Chorus 3]

**F# E C#m**

I have heard so many things I never thought I d feel before

**B**

**G#m**

**F#**

And I won t be through with him until says like a raven
