Peeping Tom

Music and lyrics by Graham Case

Verse

C **G** **F**
I look at you through your window, it's cold outside

C **G** **F**
You see me and close your shutters

C **G** **F**
You pick up the phone and you call the police

C **G** **F**
That's the tenth time this month

Chorus

F **G** **C**
Cause I'm a peeping tom you know

F **G** **C**
And I look at you through your window

F **G** **C**
And I'm a peeping tom you know

F **G** **C**
That time you got that restraining order, you really screwed me over

Same with all other verses and choruses!

I have to stay 500 feet away from
It's a really shitty deal
So I found out your schedule
So I can bump into you at the mall

Cause I'm a peeping tom you know
And I look at you through your window
And I'm a peeping tom you know
One time I broke into your house, and stole all your photo albums so
I'd have pictures of you to look at

Sometimes I wonder if you re worth it
All this trouble and these fines
Then I remember how beautiful you are
And how good it feels to think of you... when I masturbate!

Cause I m a peeping tom you know
And i look at you through Your wondow
And I m a peeping tom you know
And I m a peeping tom
