LOOK INTO THE LIGHT " Graham Coxon

Tabbed by: Emmett Cruddas
Email:emmettcruddas@hotmail.co.uk

Tuning: Standard

The chords used in this fantastic song are:

	C	Csus4	C7	Fmaj7	Am
e	-0-----0-----0-----0-----0-----				
B	-1-----1-----1-----1-----1-----				
G	-0-----0-----3-----2-----2-----				
D	-2-----3-----2-----3-----2-----				
A	-3-----3-----3-----0-----0-----				
E	-0-----0-----0-----0-----0-----				

Iâ€™m just going to give a rough outline of the chords he uses in the verse.
I may do a tab later to give an idea of the fingerpicking.
I will also later show the riff and chords that come between the verses.

The intro goes between C and Csus4 and around there for the first ten seconds.
There is then a short pause and the main song begins.

C **C**
[Inst.]

Csus4 **C**
[Inst.]

Csus4 **C**
[Inst.]

C **C7**
Look into the light

Fmaj7 **C**
Fills you completely

C **C7**
Look into the light

Fmaj7 **C**
Reflects you so sweetly

Fmaj7 **C**

Now that the nightâ€™s

Am **Csus4**
Completely out of sight

Csus4 **C**
[Inst.]

All the verses follow this pattern.

Thatâ€™s pretty much it.

Lyrics:

Look into the light
Fills you completely
Look into the light
Reflects you so sweetly
Now that the nights
Completely out of sight

Look into the light
Fills you completely
Look into the light
Reflects you so briefly
Large as your eyes
The deepness of the night

Look into the light
Fills you completely
Look into the light
Reflects you so sweetly
Now that the nights
Completely out of sight

Great opener to probably the best album of the year.

Thanks, email me with suggestions

-Emmett :)
