Matchbook Song
Graham Lindsey
capo IV

C
This ain't no love song
Em
This ain't no organized and scripted happenstance
F
This ain't no ordinary radio summons straining for amends
C B/G Am B/G
It ain't this and it ain't that
C G
This ain't no sideshow strip down college vomit dance
F C
It's just a song

C
This ain't Kansas and this ain't May
Em
This ain't the stuffing in a scarecrow wearing nothing but the rain
F
This ain't no cheap and dismal trick or treat di-ag-nosed in a day
C C/B Am C/B
It's what you want or so you say
C G
If you need something more then I'll be on my way
F C
It's just song

F
So here's your posies and here's my train
Am Amsus2
Well I hope that we live long enough to see a better day

C
But this ain't forever there's no such thing
Em
This ain't no frantic rag a-waiving for attention to my dreams
F
This ain't political masturbation masquerading as a theme
C B/G Am B/G
Ain't no psychology blowjob for a scream
C G

It could be you or it could be me

F C

But it's just a song

F

So here's your hook and here's my line

Am Amsus2 **G F**

I apologize I couldn't give enough to you with rhymes

Am Amsus2

But I promise though these words may not resound

C G

I'll always be here even if my heart is wrong

F C

With just a song

Bridge

C

We are strangers

Em

And there ain't no better place that we can go

F

This ain't no sensational and cataclysmic century show

C C/B Am C/B

No high-tech prophecy of doom or hope

C G

I'm only trying to find the right road

F C

With just a song

F

So here's the hook and here's the line

Am Amsus2 **G F**

There ain't nothing at the end but it's sinking all the time

Am Amsus2

This can't be the only way back down

C G

But it's the only way I've got to reach the ground

F C

With just a song
