Head On Straight by Graham Parker

I picked this up by listening to the song on the radio, (I don't actually own the song so there may be some differences in the lyrics and one or two chords. Please correct me if I'm wrong. It's a great song for a recovering alcoholic like me.

C **C7**
I had my day in the sun
F **Fm7**
Then it rained every day
D **D9**
Every day was no fun
C **E** **A** **A7**
But things are looking up of late
F **Fm7** **C** **G**
Now Iâ€™ve got my head on straight.

I had my week in the news
But Iâ€™m old news now
Iâ€™m not the new they choose
But things are looking up of late,
Now Iâ€™ve got my head on straight.

C **A#** **C**
You put that sugar in my cup
A **A7** **F**
You came and stood my spirits up
A# **C**
You took that monkey off my back
A **A7** **F**
And now Iâ€™m feeling back on track

Oh yeh.

I lost it all in the crash
I lost all I had
I lost all my cash
But things are looking up of late,
Now Iâ€™ve got my head on straight.

You put that sugar in my cup
You came and stood my spirits up
You took that monkey off my back
And now Iâ€™m feeling back on track

Oh yeh.

I spent my year on the roof
Gazing up at the stars
Thinking I was from Mars
But things are looking up of late,
Now you've put my head on straight.
