Intro:

C G Em x2

Verse 1:

D **Am7**
I was hanging with some friends
D **Am7**
In the parking lot one night near the summer s end
D **Am7**
I leaned back against the glass
D **Am7**
Of a car to watch all those speeding comets crash
C **G** **Em**
It made me think about us
C **G** **Em**
It made me think about us

Chorus:

D
Truly truly truly I want you
Am7
Truly truly truly I do
D **Am7**
Truly truly truly I want you

Verse 2:

D **Am7**
You were lying by the pool
D **Am7**
And the surface of the water was a lapis jewel

D **Am7**
I dove in to make a splash
D **Am7**
Woke ya from your dream nodding off out on the grass
C **G** **Em**
It made me think about us

Chorus:

D
Truly truly truly I want you
Am7
Truly truly truly I do
D **Am7**
Truly truly truly I want you

Chorus:

D
Truly truly truly I want you
Am7
Truly truly truly I do
D **Am7**
Truly truly truly I want you

Middle part:

C **G**
It s just been too long that
D **Am7**
We set aside some time alone
C **G** **D**
I sure could use your point of view
C **G**
And it s been awhile
D **Am7**
Since we dropped our guard and cracked a smile
C **G** **D**
Don t you think it s overdue
Am7
Well how about you
